

Columbia Water & Light Home Performance with Energy Star Rebate Application

Investing in Your Energy Efficiency

Overview

Columbia Water & Light's Home Performance rebate program goes into effect Feb 1, 2008. Improvements or equipment installed before this date are not eligible. Rebates are only available to qualifying residential electric customers that have had a Home Performance Assessment performed by a Columbia Water & Light approved contractor. Rebates are offered on a first-come, first served basis as funding is available each fiscal year.

Checklist

- Copy of Home Performance Assessment:** The assessment must be performed by a Home Performance Contractor participating in the Columbia Water & Light Home Performance with ENERGY STAR program.
- Items eligible for rebate must be on the summary report:** Check the summary report your Home Performance Contractor gave you. The rebate item must be one of the recommended improvements.
- Paid receipt:** This application must be submitted with a copy of the paid receipts for all improvements. The receipts must list the amount, type, R-value or U-value of insulation and doors and/or windows. All HVAC receipts must list the brand and model number of the furnace, condensing unit and coil.
- Permits:** A copy of the mechanical permit from the City of Columbia Protective Inspection Division of Public Works must be submitted along with the application. This is only required if the furnace or air conditioner is being replaced. These permits are usually obtained by the heating and cooling contractor.
- Deadlines:** The rebate application form and receipts must be submitted to Columbia Water and Light within six months of installation. Incomplete or incorrect applications must be corrected within thirty days or the applicant will risk losing his/her place in the rebate funding process.
