

French and Patio Doors

Doors to complete your vision

Add the finishing touch to your home with French Doors and Patio Doors that provide the same durable, low-maintenance exterior as your Infinity windows. Two door brands are available for you to choose from, both impervious to the elements thanks to Ultrex® fiberglass exteriors. Integrity® Sliding Patio Doors and Swinging French Doors feature a natural wood interior and are available in bare wood or with a white semi-gloss finish. Sliding French Doors from Infinity are low-maintenance fiberglass on the exterior and interior and are available in Stone White or with a completely low-maintenance EverWood® stainable interior.

Hardware Colors

SLIDING FRENCH DOOR from INFINITY®

- Low-maintenance fiberglass or EverWood interior
- Multi-point locking
- Footbolt available for added security and venting
- Traditional French Appearance

INTEGRITY® INSWING (pictured) or OUTSWING FRENCH DOOR

- Narrow profile

TOP-HUNG SCREEN

Our top-hung screens glide easy and won't get hung up on dirt or pebbles in the sill track.

FOOTBOLT

The Sliding French Door footbolt adds security when the door is locked or vented. (Available mid-year 2008)

* Satin Taupe is only available on the Sliding French Door from Infinity. Almond Frost is available only on the Integrity French and Patio Doors.

** PVD finish provides maximum protection against tarnishing.

*** PVD Finish is not available on the Integrity Sliding Patio Door.
